90W AC Notebook Power Adapter

AC Notebook Power adapter offers an alternative power solution for home or office use for high performance machines utilising Pentium 4.

The Targus 90W AC Notebook Power Adapter is the ideal portable power solution for mobile users needing to power their high-performance notebook (Pentium 4 +). In the home or in the office, this adapter will keep you switched on and productive. Utilising an intelligent tip system, this power adapter is compatible with all major notebook brands and will provide up to 90W continuous power for power-hungry notebooks. Combined with our optional Accessory Powering System, users can simultaneously charge or power their mobile phone or PDA thereby eliminating the need to carry extra bulky power adapters or chargers.

Model #APA01EU
